JOINT SENIOR REVIEW GROUP

U.S. members

Warren K. Sinclair, *National Council on Radiation Protection*

Harold L. Beck, *Environmental Measurements Laboratory, Department of Energy*

Richard E. Faw, *Kansas State University*

Nolan E. Hertel, *Georgia Institute of Technology*

Japanese members

Wataru Mori, *The Japanese Association of Medical Sciences*

Tatsuji Hamada, *Japan Radioisotope Association*

Hiroimi Hasai, *Hiroshima Kokusai Gakuin University*

Ohtsura Niwa, *Kyoto University Radiation Biology Center*

JOINT WORKING GROUP

U.S. members

Robert W. Young, *Defense Nuclear Agency (retired)*

George D. Kerr, *Oak Ridge National Laboratory (retired)*

Robert F. Christy, *California Institute of Technology*

Harry M. Cullings, *Radiation Effects Research Foundation*

Stephen D. Egbert, *Science Applications International Corporation*

Alexandra R. Heath, *Los Alamos National Laboratory*

Dean C. Kaul, *Science Applications International Corporation*

Robert T. Santoro, *Oak Ridge National Laboratory (deceased)*

Tore Straume, *University of Utah (present: NASA Ames Research Center)*

Paul P. Whalen, *Los Alamos National Laboratory*

Stephen W. White, *Los Alamos National Laboratory*

Japanese members

Hiroimi Hasai, *Hiroshima Kokusai Gakuin University*

Shoichiro Fujita, *Radiation Effects Research Foundation (deceased)*

Masaharu Hoshi, *Hiroshima University*

Takashi Maruyama, *National Institute of Radiological Sciences*

Takashi Nakanishi, *Kanazawa University*

Yutaka Okumura, *Nagasaki University*

Tokushi Shibata, *Radiation Science Center, High Energy Accelerator Research Organization*

Kiyoshi Shizuma, *Hiroshima University*

Toshiso Kosako, *University of Tokyo*

Contributing associates

Joseph V. Pace III, John M. Barnes, Yousry Y. Azmy, Charles O. Slater, Richard A. Lillie, *Oak Ridge National Laboratory*
