

## ***AUTHORS AND INSTITUTIONS***

Ian K. Bailiff  
*Durham University*

Mark Cristy  
*Oak Ridge National Laboratory*

Farhad Dolatshahi  
*Science Applications International Corporation*

Douglas Eagleson  
*Armed Forces Radiobiology Research Institute*

Keith F. Eckerman  
*Oak Ridge National Laboratory*

Stephen D. Egbert  
*Science Applications International Corporation*

William H. Ellett  
*National Research Council*

Harry M. Forehand Jr.  
*Los Alamos National Laboratory*

Michael L. Gritzner  
*Science Applications International Corporation*

Tatsuji Hamada  
*Japan Radioisotope Association*

Gordon E. Hansen  
*Los Alamos National Laboratory*

Hiromi Hasai  
*Hiroshima University*

Edwin H. Haskell  
*University of Utah*

Robert J. Hoffman  
*University of Utah*

Masaharu Hoshi  
*Hiroshima University*

Joan Huxtable  
*Oxford University*

Yoneta Ichikawa  
*Nara University of Education*

Kazuo Iwatani  
*Hiroshima University*

Prasad L. Kaipa  
*University of Utah*

Hiroo Kato  
*Radiation Effects Research Foundation*

Kazuo Kato  
*Hiroshima University*

Dean C. Kaul  
*Science Applications International Corporation*

Shoichi Kawamura  
*National Institute of Radiological Sciences*

George D. Kerr  
*Oak Ridge National Laboratory*

Kenji Kobayashi  
*Kanazawa University*

Kazuhisa Komura  
*Kanazawa University*

Sohei Kondo  
*National Institute of Radiological Sciences*

Toshiso Kosako  
*University of Tokyo*

Thomas Kuhn  
*Science Applications International Corporation*

Yoshikazu Kumamoto  
*National Institute of Radiological Sciences*

William. E. Loewe  
*Lawrence Livermore National Laboratory*

Takashi Maruyama  
*National Institute of Radiological Sciences*

Hiroshi Matsuda  
*Kanazawa University*

Edgar Mendelsohn  
*Lawrence Livermore National Laboratory*

Kunio Miyaji  
*Kanazawa University*

Junko Miyajima  
*Nagasaki University*

Yashige Morishima  
*Kinki University*

Tsuneto Nagatomo  
*Nara University of Education*

Takashi Nakanishi  
*Kanazawa University*

Yutaka Noda  
*National Institute of Radiological Sciences*

Noboru Oda  
*Tokyo Institute of Technology*

Shunzo Okajima  
*Nagasaki University*

Shoji Ota  
*Japan Weather Association*

Joseph V. Pace, III  
*Oak Ridge National Laboratory*

James Roberts  
*Science Applications International Corporation*

Toshifumi Saigusa  
*Ryukoku University*

Nobufusa Saito  
*University of Tokyo*

Masanobu Sakanoue  
*Kanazawa University*

Shozo Sawada  
*Hiroshima University*

William H. Scott Jr.  
*Science Applications International Corporation*

Yoshinaga Seshimo  
*Japan Weather Association*

Sakae Shimizu  
*Kyoto University*

Kiyoshi Shizuma  
*Hiroshima University*

Dorcen Stoncham  
*Oxford University*

Asano Sugimoto  
*Institute of Physical and Chemical Research*

Eizo Tajima  
*St. Paul's University; Nuclear Safety Commission*

Kokuryon L. Tan  
*Kanazawa University*

C. Woodrow Wilson  
*Science Applications International Corporation*

William A. Woolson  
*Science Applications International Corporation*

McDonald E. Wrenn  
*University of Utah*

Takuo Yamamoto  
*Kanazawa University*

Fumio Yamasaki  
*Institute of Physical and Chemical Research*

Eiji Yamashita  
*Japan Weather Association*

Kenjiro Yokoro  
*Hiroshima University*
