

The 200th joint meeting of Human Investigation Committee and Ethics Committee for Genome Research

Date: April 3, 2013 (Thursday), 13:30 - 15:30

Place: Auditorium (Hiroshima), 3rd fl. meeting room (Nagasaki) (teleconference)

< Genome research review >

	Department	Research project title	Review results	Summary
1	Radiobiology/Molecular Epidemiology	(on change to an approved RP): “RP4-04 Relationship between Cancer Development and Genetic Polymorphisms among A-bomb Survivors, Focusing on Immune-related Genes”	Approved	<ul style="list-style-type: none"> ◆The authors should clarify in the RP that RERF store the samples and data after the completion of project. ◆The authors should clarify in the Application for Ethical Review that the samples and data will be stored on a permanent basis.
2	Genetics	(on change to an approved RP): “RP4-11 Genetic Study of Atomic-bomb Radiation by Using HD-microarray CGH Analysis”	Approved	<ul style="list-style-type: none"> ◆The authors need to modify the content in the item on genetic counseling in the Application for Ethical Review, and refer to the handling of disclosure of genetic information and genetic counseling in the item on study participants in RP. ◆In the item of ethical considerations in RP, the authors should refer to informed consent, advantage and risk, method of personal information protection, and storage/disposal of samples and data. The authors should also refer to conflict of interest in the item of costs.

*The above Research Protocol was approved after confirmation that the relevant modifications were made properly.

< Epidemiological research review >

	Department	Research project title	Review results	Summary
3	Clinical Studies	“Study of Heart Disease in the Adult Health Study Population Using Echocardiography”	Approved	<ul style="list-style-type: none"> ◆The authors should state in the item of ethical considerations in RP that, of the existing samples, they will use only those for which consent has been obtained through informed consent.

*The above Research Protocol was approved after confirmation that the relevant modifications were made properly.
