Date: April 6, 2016 (Wednesday), 13:15 - 13:50

Place: Auditorium (Hiroshima), 3rd fl. meeting room (Nagasaki) (teleconference)

< Epidemiological research review >

	Department	Agenda	Review result	Summary
1	Statistics	CR128 “Mechanistic modelling of radiation-induced thyroid cancer in subjects of the LSS who were exposed as children or young adults	Exempt from review	<ul style="list-style-type: none"> ◆ This project does not fall under the category of research involving human subjects, and hence the committee decided that it would be exempted from ethical reviews. ◆ With regard to “I-8-1) Source of research funds” in the application for ethical review, a ✓ mark should be entered in the box for “a) RERF General Fund.” ◆ Prior to implementation of this collaborative project, it is necessary to take necessary procedures established between RERF and Helmholtz Zentrum München-Institute of Radiation Protection.

*With regard to the aforementioned issues, IRB confirmed that proper revisions were made.
