	Department	Research project title	Review results	Summary
1	Epidemiology	Revision of RP-A3-10 "A proposal to join the Asia Cohort Consortium – Project 1: Tobacco smoking, alcohol drinking, body mass index and risk of rare cancers" (Grant, et al.)	Approved	◆ No problem.
2	Epidemiology	CR145 "The potential influence of passive smoke exposure on radiation risk estimates for lung cancer among the Life Span Study of atomic bomb survivors" (Hu, et al.)	Approved	<ul style="list-style-type: none"> ◆ The RP should mention "ethical considerations". Items to be mentioned in particular are "disclosure of information based on the guidelines for obtaining informed consent" and "procedures and management of data sharing". ◆ The document related to information disclosure should be modified using expressions the general public finds easy to understand. ◆ The steps should be reconfirmed regarding "Data Storage, Protection, and Final Disposition" in the RP.

*With regard to the aforementioned issues, IRB confirmed that proper revisions were made and gave approval.
