 Place (Hiroshima) Auditorium
 (Nagasaki) The 3rd Conference Room [teleconference]
 Participants IRB co-chairpersons: Dr. Tanabe, Ms. Shinohara
 IRB members: Dr. Sato, Ms. Ogawa

< Review of research involving human subjects >

	Dept.	Study title	Review result	Summary minutes
1	Clinical Studies	Revision to RP5-15 “Ophthalmological study of A-bomb survivors using new ophthalmic camera” (Hida <i>et al.</i>)	Approved	<ol style="list-style-type: none"> 1. Describe the method of keeping records regarding the provision of data to external institutions. 2. Revise the timeline table to reflect the actual schedule. 3. With regard to the description of the horizontal axis of the graph in Figure 2 “excess relative risk per Gy,” delete “excess.”
2	Clinical Studies	Revision to RP2-14 “Study of heart disease in the Adult Health Study population using echocardiography” (Yoshimuta <i>et al.</i>)	Approved	<ol style="list-style-type: none"> 1. Rewrite the original text to show the changes. 2. Delete the statement, “We will plan a separate research protocol regarding this analysis.” 3. Delete the statements, “We will plan the other specific protocol to conduct more advanced examination using speckle tracking analysis” and “Details about the STE study are provided in RP4-15.” 4. Add a summary of RP4-15, which will be integrated and terminated, so that the entire research can be grasped only from this research protocol. 5. Revise the research period in the Study Design and Timeline sections. 6. Add the data transfer costs, etc. to the Expenses section. 7. Provide an explanation of interruption period.

*Approved by confirming that the aforementioned revisions have duly been made.

*To prevent the spread of COVID-19, the IRB members maintained sufficient distances from each other during the meeting.
